Public Notice #08-083-CM-C/CMRE

Date: September 12, 2008

NOTICE OF DRAFT AIR CONSTRUCTION PERMIT AND CONDITIONAL MAJOR OPERATING RENEWAL PERMIT

**INSULFOAM, LLC
109 SERVICE ROAD
ANDERSON, SOUTH CAROLINA
(ANDERSON COUNTY / REGION 1 ANDERSON EQC OFFICE)
AIR PERMIT NOS. 0200-0177-CB & CM-0200-0177**

Insulfoam, LLC has applied to the SC DHEC for an air permit to install and operate new equipment at its existing foam manufacturing facility. A draft permit and Statement of Basis outlining all applicable regulations have been written by the BAQ for this proposal.

Insulfoam, LLC is proposing to install and operate an additional block mold and replace the existing aging bag farm with a larger one. A federally enforceable facility-wide limit of less than 100 tons per year of Volatile Organic Compounds will be established with this permit, thereby enabling the facility to remain below Title V & Prevention of Significant Deterioration (PSD) major source thresholds.

DHEC has also received a Conditional Major Operating (CM) Permit Renewal Application from this facility. A CM Renewal Permit (CM-0200-0177) has been drafted by the BAQ that will limit the facility's potential to emit to below Title V Major Source thresholds, therefore restricting it from Title V Major Source status as defined in SC DHEC Regulation 61-62.70 "Title V Operating Permit Program." The draft permit is subject to review under SC DHEC Regulation 61-62.1; Section II G "Conditional Major Source Permits." If approved, this permit will supersede the existing CM permit issued to this facility on May 6, 2004.

All emission limitations and conditions contained in the draft permits have been written to ensure that this facility continues to operate in compliance with state and federal air quality regulations. The pollutant limitations and other permit conditions set forth in the draft permits have not yet been approved and are open to comment from the public and the United States Environmental Protection Agency (EPA).

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permits by October 11, 2008, to Alyson Hayes, at the above DHEC address. All comments received by October 11, 2008, will be considered when making a decision to approve, disapprove, or modify the draft permits. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Karen Lee at the above DHEC address or by e-mail at: leeka@dhec.sc.gov. If a public hearing is requested and scheduled, notice will be given in this newspaper thirty (30) days in advance. A final review request (appeal) may be filed after permit decisions have been made. Information regarding final review procedures is available from DHEC's legal office at the above address or by calling (803) 898-3350. Information relative to the draft permits will be made available for review through October 11, 2008, at the DHEC Columbia Office listed above and at the following location:

SC DHEC, Region 1 Anderson EQC Office, 2514 Belton Highway, Anderson, SC 29621 at (864) 260-5569.

The BAQ maintains a county-based mailing list for persons interested in receiving notification of BAQ public notice actions. If you would like to be added to this list, please submit a request with your name, address, and counties of interest to Karen Lee at the above DHEC address or e-mail. Information on permit decisions and hearing procedures is available by contacting DHEC at either address listed above. Copies of a draft permit or other related documents may be requested in writing at a \$.25 per page charge. Please bring this notice to the attention of persons you know will be interested in this matter.

This public notice may be viewed through October 11, 2008, on DHEC's website at:
